RECOMMENDATION

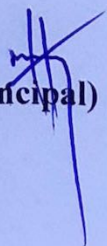

RE:MUHAMMED JOHN

Muhammed John (G.R.No. AJ248) registered as a student of this school in September 2018 in Grade Ten. While he was here he studied assiduously and attained Grade Twelve and sat to the West African Senior Certificate Examination (WASSCE) in September 2021. He obtained envious results in this examination.

Muhammed is open and fits well in almost every activity. He has zeal to acquire knowledge and this is based upon a deep need to serve. He is driven by an urge to achieve and pursue results that make one above average in competence. In school and in the community, **Muhammed** showcases enviable leadership acumen. He was an active member of Science and Maths club.

Muhammed's gift however is not only in academics as he was a good football player. He inculcated the habit of reading, listening to news, and watching documentaries which have influenced his outlook. He reasons well and is very cautious in taking decisions.

I am convinced that if given the chance, **Muhammed** will be able to undertake academic pursuits at tertiary level with success. I am certain that he will prove worthy of my views.
